

# Notre Dame School

“A Tradition of Excellence”

At Notre Dame School, we are proud to offer a rich, well-rounded curriculum, enhanced by academics, art, music, technology, and faith. Our “Tradition of Excellence” continues outside the classroom as well, where students at each grade level participate in numerous fun and educational field trips throughout the year. Exploring new environments and active hands-on experiences help your child develop a love of learning inside and outside the classroom!

## ~ NDS Field Trips ~
